Daphni Jo is an 8 year-old who has Rhett Syndrome which causes a progressive loss of motor and speech skills and seizures. Daphni Jo also has diabetes. In spite of these medical conditions, she always has a twinkle in her eye and a smile on her face. However, each night is a challenge for her. Daphni needs a specially designed "Safe Bed". This \$5000.00 bed has plexi-glass sides and other safety features to protect her from injury. Please help us raise the necessary funds to keep her safe at night.
